Hello

Will.i.am

Hello, hello, hello, hello,
Hello, hello, hello, hello.

I don?t wanna be alone tonight
I?ll be rocking with you, rocking with you, rocking with you.
I don?t wanna be at home tonight
I?ll be rocking with you, rocking with you, rocking with you.
We?re burning brighter than the sun tonight
When I?m rocking with you, rocking with you, rocking with you.
So everybody have fun tonight,
Everybody have fun tonight.
I just wanna have fun tonight.

With all of my friends, all of my friends,
All of my friends, all of my friends
All of my friends, all of my friends
All of my friends, all of my friends

I?m here with all of my peoples,
All of, all of my homies,
When I stepped in the place them ladies act like they know me.
Yeah, they on me, they on it,
I walked in with an army,
Made it rain in this motherfucker, now it?s storming and storming.
Ring the booth, ring the booth, baby, turn up the tune,
I can?t talk with the tune, give me room, give me room.
I got that thing with the banger, get the shit off her hanger,
Put your drinks in the air, turn around to a stranger and say

Hello, hello,
I?m here with all of my friends,
All of my friends, with all of my friends.
Hello, hello,
We?re here with all of our friends,
With all of our friends, with all our friends.

I don?t wanna be alone tonight
I?ll be rocking with you, rocking with you, rocking with you.
I don?t wanna be at home tonight
I?ll be rocking with you, rocking with you, rocking with you.

We?re burning brighter than the sun tonight
When I?m rocking with you, rocking with you, rocking with you.
So everybody have fun tonight,
Everybody have fun tonight
Cause I just wanna have fun tonight.

With all of my friends, all of my friends,
All of my friends, all of my friends.
All of my friends, all of my friends,
All of my friends, all of my friends.

I?m here with all of my people,
All of, all of my folks.
Yeah, we?re all looking fly, yeah, we?re all looking dope.
I got them ladies, them ladies,
The ladies calling me baby,
I say go call your friend so we can go, go, go crazy.
Bring them drink, bring them drink,
She said she liked how I think,
I said I like how you look, oh my god, she said thanks.
I wanna bang her, go bang her, get this club off the hanger,
Put your drinks in the air, turn around to a stranger and say

Hello, hello,
I?m here with all of my friends,
All of my friends, with all of my friends.
Hello, hello,
We?re here with all of our friends,
With all of our friends, with all our friends.

I don?t wanna be alone tonight
I?ll be rocking with you, rocking with you, rocking with you.
I don?t wanna be at home tonight
I?ll be rocking with you, rocking with you, rocking with you.
We?re burning brighter than the sun tonight
When I?m rocking with you, rocking with you, rocking with you.
So everybody have fun tonight,
Everybody have fun tonight
Cause I just wanna have fun tonight
With all of my friends
