

Cantaloupe

The Cataracs

Baby don't, baby don't act so sweet
Just give me that Cantaloupe
That, that Cantaloupe
Th-th-th-tha-that Cantaloupe
Baby don't, baby don't act so sweet
Just give me that Cantaloupe
That, that Cantaloupe
Give me that - give me that Cantaloupe
I be that shitty mother fucker, you hate him but you love him
You took a million shots while I beat it on the buzzer
Fly, sitting sideways
Bitch I'm on another
Getting high on a Friday
Call me Mr. Tucker
Tucker ice cubes
chilling in my ice room
Bitch I'm like a typhoon, kinda like a monsoon
I'm about to get you, wet you
Take you to the vet like an animal
Baby don't act so sweet
Just give me that Cantaloup
e
Yo it's that shitty mother fucker back up in the buildin'
Make that money bubble like the back of a Brazilian
Ow. Campa Cold my bra, we the army
Getting Cantaloupe from your Auntie
Heard she got that donkey
Extra jalapeno
Sipping on vino
My dick is on "timber"
Tell her watch out below
Don't watch me, watch T.V
Living my dreams out while y'all sleep
While y'all freeze, I'm in beach clothes
Chilling in a beach cove
Mean flows, but I ain't PMSin'
PML, though, pretty much a legend
All these bitches stressin'
But the money come first

And the pussy come second
Man it's time to go to work
Baby don't, baby don't act so sweet
Just give me that Cantaloupe
That, that Cantaloupe
Th-th-th-tha-that Cantaloupe
Baby don't, baby don't act so sweet
Just give me that Cantaloupe
That, that Cantaloupe
Give me that - give me that Cantaloupe
Here we go, Cyrano back with the lyrical miracle
Campa grab it
These bitches on my johnson
Why?
Cause I got that magic
It's tragic. I told these kids not to play in traffic
Don't get caught up in the fire when we come through Catarac-ing
Y'all be driving, we be cabbng
We're cabbng up in Cali
Where these pretty young girls
Like to show their hidden valley
I heard her name was Sally
But she go by Eden
And she got that Cantaloupe
That's ripe in every season
(And she - and she got that Cantaloupe that's ripe in every season)
Baby don't, baby don't act so sweet
Just give me that Cantaloupe
That, that Cantaloupe
Th-th-th-tha-that Cantaloupe
Baby don't, baby don't act so sweet
Just give me that Cantaloupe
That, that Cantaloupe
Give me that. Give me that Cantaloupe
I be that shitty mother fucker, you hate him, but you love him
You took a million shots while I beat it on the buzzer
Fly, sitting sideways bitch I'm on another
Getting high on a Friday, Call me Mr. Tucker
Tucker Ice Cubes chilling in my ice room
Bitch I'm like a typhoon, kinda like a monsoon
I'm about to get you, wet you, take you to the vet like an animal
Baby don't act so sweet, just give me that Cantaloupe
Baby don't, baby don't act so sweet
Just give me that Cantaloupe
That, that Cantaloupe

Th-th-th-tha-that Cantaloupe
Baby don't, baby don't act so sweet
Just give me that Cantaloupe
That, that Cantaloupe
Give me that - give me that Cantaloupe
I heard her name was Sally
But she go by Eden
And she got that Cantaloupe
That's ripe in every season
