(DJ Paul)

Pass me tha Glock so I can get buck

A mean frown stay on my face 'cause I dont give a fuck

Loded out afro

And a big Fila coat
14 carat gold
Smile and a bone around my throat
Glock 19 is tucked nicely down my fruit of the looms
For them niggas that trick it in
Im stickin' up them tracks they boom
Shakin' like a mothafucka when I lock you down tight
In tha Chevy trunk with nothin' but next to dig for yo life
Fool it ain't no game you gotta die the devil sent me
Six in yo chest who's next?
No niceness in me
Tha killas up in my crew they take no shit
Niggas you better run
We bout it bitch
No nigga dont play
[We roll with automatic guns]
Step up with the hoe shit
Nigga we gotta close shop
[Juice on the bugler do a 9 leavin' you hoes to rott]
Big cam with a punk
Malekie with a attitude
Smith & Wesson in his hand
Blowed tha bitch out his shoes
Break da law
Chorus
(Juicy "J")

Southside Northside Westside Eastside
Get buck mothafucka Get Buck...
