

Marching On (ft Aaron London)

Flo Rida

Give it all you got and make sense we are clubbing
Its all a mass of music loving we can dance all night no question
This place so important when the party comes to the roof
Shorty no stop the DJ ..but is .. one roll at loose
But if it gets hot just make a move
.. away dont hesitate cause the girls in the
To the right to the left I make you shake
I like your body body
Make me so naughty naughty
Wanna touch you like Pilates
Hey shorty
Marching to the night
Singing hey yo
Gona leave the day behind
Singing hey yo
Keep on marching on
Help me marching on
Keep on marching on
Help me marching on Lets get this party up ..
Show you how to grove when the swag turned out
Hit it up with a brand new sound
Bom bom .. for the crowd .. in this town
Help a boy ship this ..its allday
Party .. just inc ase
Get your move on no shoes on
Bases on .. feeling like a rockstar
Playing with a guitar
Marching to the night
Singing hey yo
Gona leave the day behind
Singing hey yo
Keep on marching on
Help me marching on
Keep on marching on
Help me marching on
