

Dangerous and Moving

[t.A.T.u.](#)

You take it all away
But never give it back
And this is what you say
Their lives are yellow black And this is how they move
And this is how they sway
That danger is the truth
They die and come again Obstacles and signs
Perilous and looming
Dangerous and moving
Dangerous and moving Obstacles and signs
Perilous and looming
Dangerous and moving
Dangerous and moving
Dangerous and moving No mercy for the lost
No soothing for the sad
The line is never crossed
They are the living dead And this is how they move
And this is how they sway
That danger is the truth
They die and live again Obstacles and signs
Perilous and looming
Dangerous and moving
Dangerous and moving Obstacles and signs
Perilous and looming
Dangerous and moving
Dangerous and moving
Dangerous and moving Obstacles and signs
Perilous and looming
Dangerous and moving
Dangerous and moving Obstacles and signs
Perilous and looming
Dangerous and moving
Dangerous and moving
