

# Here On My Knees

## Newfound Road

Dear Lord, it's me again. Yesterday's gone, and I need a friend. I know I call you alot, but I can't make it another day with what I've got.

Chorus

So I'll just stay here on my knees, until you hear my cry. I know you have compassion when you see the tears in my eyes. The faith of a mustard seed can remove a mountain so high. So I'll just stay here on my knees til I feel you by my side.

Verse 2

Dear Lord, I'm in trouble again. I'm in a battle that I have to win. It's hard to keep up this pace. But I'll run as hard as I can til I see your face.

Chorus 2 times

Yes I'll just stay here on my knees til i feel you by my side.
