

Take Me Somewhere Nice

Mogwai

Ghosts in the photograph
never lie'd to me.I'd be all of that
I'd be all of that.A false memory
would be everything.
A denial my eliminent.What was that for?
What was that for?What would you do
if you saw spaceships
over Glasgow?
Would you fear them?Every aircraft,
every camera,
is a wish that
wasn't granted.What was that for?
What was that for?Try to be bad.
Try to be bad.
