## Digable Planets

[ Butterfly)
We like the breeze flow straight out of our lids
Them they got moved by these hard rock Brooklyn kids
Us flow a rush when the Djs boomin classics
You dig the crew the fattest hip hop records
He touch the kinks and sinks into the sound
She frequents thee fatter joints called Undergrounds
Our funk zooms like youhh hit the Mary Jane
They flock to booms man boogie had to change
Who freaks the clips with Mad amount percussion
Where kinky hair goes unthought-of-dimensions
Why's it so fly cause hip hop kept som drama
When butterfly rocked his light blue-suede pumas
What by the cut we push it off the corner
How was the buzz entire hip hop era?
Was fresh & fat since they started saying Outie
Cause funks made fat from right beneath mahh hoodie
The puba of the styles like miles and shit
Like sixty funky worms w/ waves and perms
