

The Only Shrine I've Seen

Darkside

The only shrine I've seen.
I'm on a light up in the sky.
Smiling down as if I'm you.
We will someday be.
I will someday be.
We will someday be.
I will someday be.
We would someday be. She can't surprise you anymore.
She can't surprise you anymore.
She can't surprise you anymore.
We will someday be.
I will someday be.
I will someday be.
We will someday be.
