## The Bloody Beetroots

In my darkest hours, girl, you bring me the light  
So I'm singing this song about you, escaping this life  
She wake up early, facing the mirror and sings all my songs that she likes  
She know my life, she'll back it, rush, in love with the mode and the bike  
I feel the same about you, ain't nothing gonna change about you  
I can't go forth without you, just be by my side  
Beverly Hills is still here, Cherries and Plums is still here  
The world has the magic powers to turn into forces, my gorgeous  
This is what all the girls around the world are searching for  
They are a thing to be honeyed up, sweetest than the sweetest love  
Girl, you're the blue, blue symphony  
This is what all the girls around the world pray for  
Their prince charming, beauty love, love anyone else  
Look at the bikes go past, hearing the wind, curling their back  
It must be your Amsterdam 'cause the nicest of them is just filled with the past  
Beautiful parks, wonderful art, I've been searching for you  
What a wonderful start  
It's all a start, thinking the hips, black, long, colorful chicks  
You should pride the thoughts in here, say goodbye, she always will  
We go walking, have nothing to fear, fireworks in the air  
Tell her wait, disappear, this a reason to celebrate, babe  
This a reason to celebrate, babe  
This is what all the girls around the world are searching for  
They are a thing to be honeyed up, sweetest than the sweetest love  
Girl, you're the blue, blue symphony  
This is what all the girls around the world pray for  
Their prince charming, beauty love, love anyone else  
When you feel alone, if you are alone  
Sing along to this song  
Sing along to this song  
When you feel alone, if you are alone  
Sing along to this song  
Sing along to this song  
When you feel alone, if you are alone  
Sing along, sing along  
Sing along, sing along  
This is what all the girls around the world are searching for  
They are a thing to be honeyed up, sweetest than the sweetest love  
Girl, you're the blue, blue symphony  
This is what all the girls around the world pray for  
Their prince charming, beauty love, love anyone else
