

# I Love My Computer

## Bad Religion

I love my computer  
You make me feel alright  
Every waking hour  
And every lonely night  
I love my computer  
For all you give to me  
Predictable errors and no identity  
And it's never been quite so easy  
I've never been quite so happy  
All I need to do is click on you  
And we'll be joined  
In the most soul-less way  
And we'll never  
Ever ruin each other's day  
'cause when I'm through I just click  
And you just go away  
I love my computer  
You're always in the mood  
I get turned on  
When I turn on you  
I love my computer  
You never ask for more  
You can be a princess  
Or you can be my whore  
And it's never been quite so easy  
I've never been quite so happy  
The world outside is so big  
But it's safe in my domain  
Because to you  
I'm just a number  
And a clever screen name  
All I need to do is click on you  
And we'll be together for eternity  
And no one is ever gonna take my love  
From me because I've got security,  
Her password and a key
