

It's All Shit

Iggy Pop

If it walks like shit
Talks like shit
It must be shit
If it feels like shit
Tastes like shit
It must be shit
If it looks like shit
Sounds like shit
It must be shit
If it smells like shit
Tells like shit
It must be shit
See Times Square
A vacuum of feeling
Listen, little man
Advertise this
That it's all shit
It's all shit
Nothing but shit
Billboard shit
Love just keeps on comin'
Love will clean it up
Love just keeps on comin'
Love will sweep it out
Love just keeps on comin'
Love just keeps on comin'
If it walks like a duck
Talks like a duck
It must be a duck
If it smells like a duck
Tastes like a duck
It's a goddamn duck
If it feels like a duck
Tells like a duck
It must be a duck
If it looks like a duck
Sounds like a duck
Walking blinded
Eternal night

Of hype no magic
Fake no love
Child are actors
How depressing
Little adults
With fancy pants, oh
Love just keeps on comin'
Love just keeps on comin', baby
Love just keeps on comin'
Love just keeps on comin'
Love will weed 'em out
Love just keeps on comin', baby
Love just keeps on comin', baby
Love
Your fucking cache is over, baby
Skybar shit
Nobody cares
Nobody cares
Nobody cares
Nobody cares
Nobody cares
Nobody cares
Nobody cares
Nobody cares
Nobody cares
Nobody cares
Nobody cares
Nobody cares
Nobody cares
Nobody cares
Nobody cares
Nobody cares
Nobody cares
Nobody cares
Nobody cares
Nobody cares
Nobody cares
Nobody cares
Nobody cares
