

# Tears At The End Of A Love Affair

**Tammi Terrell**

Tears at the end of a love affair (x3)  
YeahI cry 'cause I hear your footsteps leaving from my door  
& through my tears I can see you heading for her door  
I gave you the best of my years  
Sharing your laughter, drying your tears  
Baby, this is all I've got, all I've got is...(chorus)Ooo our love was as sweet as the sun is warm  
But like a sunny day that is with a storm  
Baby, this is all I've got, all I've got is...(chorus)You kissed me goodbye & you're heading straight to her door  
now  
My heart is broken 'cause I won't see you anymore now  
I gave you a love so true  
I expected so much from you  
Baby, this is all I've got, all I've got is...(over background vocals singing title):  
Nothin' but tears now, baby  
So many tears, oh baby yeah  
So many tears just keep on fallin'  
...& fade
