## Cocktail Party Ideas

Easy listening

I'm in that easy listening mode

Easy listening

Why don't we do it in the middle of the road? Kick off your shoes, sit back, relaxez-vous

Tell me what more can an old rocker do? Easy listening

Easy listening Easy listening

(Never mind the world outside)

Easy listening

(Famine, war and genocide) Easy listening

(Forget the looney on the loose)

Easy listening

(Rising crime and child abuse) Ignore the poisoned atmosphere

Open up another beer

The media feeds ya everyday

What to think and say Kick off your shoes, sit back, relaxez-vous

(Relaxez-vous, relaxez-vous, relaxez-vous)

Tell me what more can an old rocker do?

(Rocker do, rocker do) Easy listening

(Life could be a dream)

Easy listening
