

Drivin' All Night

Michael Ray

Wasn't nothing as pretty in Panama City as you
That's what I took away from that spring break that year
There wasn't no shortcut down to LSU
Oh but it wasn't like it was hard talking me into Drivin' all night, drivin' all night
Drivin' like a bat outta hell
Cheap motels calling my name
No way I was stopping that Chevy
Red Bull keeping my left foot heavy
1, 1:30, 2, 2:30, 3 am, Steve Earle out Tom Petty back in
Bird dog working hard giving them blue lights away hey
Drivin' all night, drivin' all night
Drivin' all night just to hold you for a day You're a rum runner kiss that I still get drunk on
And you're a text, you're a call that falls out of the blue
And you're a snapshot in my head and on my phone
And you ain't gotta ask twice, I'm already gone, girl I'm gone Drivin' all night, drivin' all night
Drivin' like a bat outta hell
Cheap motels calling my name
No way I was stopping that Chevy
Red Bull keeping my left foot heavy
1, 1:30, 2, 2:30, 3 am, Steve Earle out Tom Petty back in
Bird dog working hard giving them blue lights away hey
Drivin' all night, drivin' all night
Drivin' all night just to hold you for a day Girl you ain't never too outta the way
All you gotta do is say the word and I'll get to you
I'll keep rocking and rolling right on through 1, 1:30, 2, 2:30, 3 am, Steve Earle out Tom Petty back in
Bird dog working hard giving them blue lights away hey
Drivin' all night, drivin' all night
Drivin' all night just to hold you for a day
Keep me driving all night
Wasn't nothing as pretty in Panama City as you
