

Summer on Smash (feat. Miguel & Swizz Beatz)

Nas

Bad bitches, champagne wishes
Freaks only, baby let me take pictures Life is good, life is good
Life is good, life is good CÃ©roc on splash, summer on smash
Top all gone, got the on summer on smash
Tank top on, summer on smash
My neck got a whole lot of glass
Got the summer on smash, summer on smash
Y'all know who got the summer on smash (we do)
Look at baby girl showing that ass
She let the world know the summer on smash
Got the summer on smash, summer on smash
Everybody get the summer on smash
We got the summer on smash, summer on smash
Y'all know who got the summer on smash (we do)
Got the summer on smash, eighteen karats
Little overweight, hit the gym, let's go get the abs in
Louis belt hangs on the waist, it ain't even fastened
I'm trying to get every number from every woman passing me by
She's fly; black, Asian, Boriqua
Italian, mixed chicks, Middle Eastern
Eritrean, Ethiopian, how you opening?
Just rolled four with them, bout to smoke again
Rose-gold Rollie, riding the top down
How does Pucci bathing suits on a yacht sound?
Send a massive e-mail to the females
Tell 'em where to meet us, give 'em the details
CÃ©roc on splash, summer on smash
Top all gone, got the on summer on smash
Tank top on, summer on smash
My neck got a whole lot of glass
Got the summer on smash, summer on smash
Y'all know who got the summer on smash (we do)
Look at baby girl showing that ass
She let the world know the summer on smash
Got the summer on smash, summer on smash
Everybody get the summer on smash
We got the summer on smash, summer on smash
Y'all know who got the summer on smash (we do) It's the jam here, check it
It's the summertime, women damn near naked

It's single season, they choosing who to mess with
 I just smashed another belt for the record, respect it
 Nas get you out your seats, play this in your Jeeps
 My people in the streets, I make it feel like it's the beach
 My goons close by, I'm daring one of y'all to reach
 I'm protected like the President, ain't gotta give a speech
 Got a compass on the wrist, Illmatic on the feet
 And they ain't even out yet, she like Ciroc peach
 Chain-smoke cigars, count a whole lot of cash
 And y'all already know who got the summer on smash
 Top all gone, got the on summer on smash
 Tank top on, summer on smash
 My neck got a whole lot of glass
 Got the summer on smash, summer on smash
 Y'all know who got the summer on smash (we do)
 Look at baby girl showing that ass
 She let the world know the summer on smash
 Got the summer on smash, summer on smash
 Everybody get the summer on smash
 We got the summer on smash, summer on smash
 Y'all know who got the summer on smash (we do) I gotta do something kinda unexpected, huh?
 Bad bitches, champagne wishes
 Freaks only, baby -- let me take pictures
 Skin, sin; wait -- do you know whose pool you're in?
 Beaches in Brazil, steaks on a grill
 Your body is a weapon that you can't conceal
 Real, make money when the freaks call
 Summer on Mars, it's totally Total Recall
 Like
 Uda vida, she butterfly
 Caliente
 Mami vente, vente conmigo, ayo
 Top all gone, got the on summer on smash
 Tank top on, summer on smash
 My neck got a whole lot of glass
 Got the summer on smash, summer on smash
 Y'all know who got the summer on smash (we do)
 Look at baby girl showing that ass
 She let the world know the summer on smash
 Got the summer on smash, summer on smash
 Everybody get the summer on smash
 We got the summer on smash, summer on smash
 Y'all know who got the summer on smash (we do) Life is good
 Life is good
 Life is good...
