Caught In The Rain

October Fall

It's a heartbreak that you can't fix up
It's a last try when you've lost your fuck
And it's a bad day
(It's a bad day)
Another bad dayIt's a last chance when they've given up
And it's a bad ride, fallin' out of love
And can you take it?
'Cause I can't take itIt's startin' up and never stoppin' againWhen the rain starts shakin' the ground
I hope that you're ready now
I hope, you're ready for it
When you get caught out in the rain
I hope that you're ready now
For all the storms to head your wayIt's a long drive when you've got no gas
And it's a cheap date when your out of cash
And it's a bad day
(It's a bad day)
Another bad dayAnd it's a feeling when you've lost your touch
And It's a plane ride, if on the right drugs
And can you take it?
'Cause honestly I can't take itIt's startin' up and never stoppin' againWhen the rain starts shakin' the ground
I hope that you're ready now
I hope, you're ready for it
When you get caught out in the rain
I hope that you're ready now
For all the storms that comeWhen the rain starts shakin' the ground
I hope that you're ready now
I hope you're ready for it
When you get caught out in the rain
I hope that you're ready now
For all the storms to head your wayWe'll find ourselves inside the raindrops
We'll fight the seconds inside every clock
What's keepin' you from leavin'?
The newspapers are readin'
Get out save yourself before we're burnin' in hellWhen sun is what you're chasin'
But everyday is rainin'
Pockets full of silver dimes
I hope, you're ready for this timeRain starts shakin' the ground
I hope that you're ready now
I hope, you're ready for it

When you get caught out in the rain
I hope that you're ready now
For all the storms to comeWhen the rain starts shakin' the ground
I hope that you're ready now
I hope, you're ready for it
When you get caught out in the rain
I hope that you're ready now
For all the storms to head your wayFor all the storms to head your way
For all the storms to head your way
