

Progeny of Tyranny

Incantation

Sanguine, the father
on riches and power, masked dissentMurdered
A retort of treason, endorsed
dominionWhores - exile and butcherConspiracy
Thier god's words shall never
transcend
Usurper
Enforcer reap children for slaughterBastereds
Execute and tortureA feeble attempt to perpetuate
Thier god's kingdom
All ways overthrown by imperial
FreedomProgeny of tyranny
At the end worm ridden putrefaction
laced his faceWith no intervention of salvation
by his god's holy grace
