Chat Dem a Chat (feat. General Pype)

Stonebwoy

Chat dema chat
But they dont really know we
What we've been thru and go thru

Chat dema chat
But they dont really know we
What we've been thru and go thru
I've been thru accident
I've been thru incident
I've been wolipa thing dem that beat my intelligence
So outta ---
They speak no evidence
A what kinda people dem be
So keep on thinking what you know
Is not my concern
Aa de burninton a burn burn burn
I ma keep on doing what I know
Only time will tell
And the table will turn turn turn
See them rush me a block bt mi buy a hundred acre
Hussle every day til me a fit make a paper
I'm blind to frienemy and baga thinking haterz
Try dema try but dem never over take us
Chat dema chat
But they dont really know we
What we've been thru and go thru
Chat dema chat
But they dont really know we
What we've been thru and go thru
