

Bring Me Closer

Altered Images

If I could achieve what I do with these I wouldn't ask you for anything else.

Bring me closer

bring me closer

please

bring me closer.

I thought we were friends

it never starts only ends and I'm losing everything I own.

You took me nowhere

you took me nowhere You took me nowhere

you took me nowhere Something that you do to me fills me with unease Something that you do to me

do to me . . .

Again and again

I lose myself again inside you and your lie

Bring me closer

bring me closer

please

bring me closer.

If I could achieve

if I could achieve

if I could achieve Bring me closer

bring me closer Please

bring me closer

please

bring me closer.

Something that you do to me fills me with unease Something that you do to me fills me with unease Something

that you do to me

do to me

do to me

do to me.
