

# As We Fall

## J Minus

You don't know, that we'd slipped away so slow  
Cold I know, as we fall like a final winter snow  
Separate alibis, covered in lies  
Gave what you could, and you know that I tried  
So tell me why, I can't even look in your eyes

I came to you, lost and abused  
A little to late and a little to soon  
Tried to convince me, tried your best to fix me  
But I just kept breaking down  
Had something to hold, a reason to smile  
I'd ask you to slide and stay for a while  
Drift on a chase, falling from grace

But now we only (only) show  
The contempt that will tear us apart  
Only only grow, away from the place that we start  
Separate alibis, covered in lies  
Gave what you could, and you know that I tried  
So tell me why, you can't even look in my eyes

Our love has been stolen, the promises broken  
All that remains, is not worth the pain  
We're facing defeat, in a game we can't cheat  
It's not meant to be, but it's so hard to leave  
When we began, I never saw the end  
Crazy for you, to good to be true  
Its not what it seemed, not what we claimed it to be

I wish you well, farewell my friend, I wish you well

Tell me again for we only (only) show  
The contempt that will tear us apart  
Only only grow, away from the place that we start  
Separate alibis, covered in lies  
Gave what you could, and you know that I tried  
So tell me why, I can't even look in your eyes
