Smile

Guy

When you smile at me
You take me to a world I never thought I'd see
Your eyes can touch my soul
And fill me with a hunger only you can feed
When you smile at me
When you speak my name
Your words of love surround me like a gentle rain
You whisper soft and clear
The things I long to hear
It's like an angel's sweet refrain
When you speak my nameThere's no love like our love
Our passion knows no end
Together we can soar to heights
That no one's ever known
Or has ever beenWhen you kiss me
You fill my mind with dreams of pleasures yet to be
You take me in your arms
And hold me till it's all that I am conscious of, endlessly
When you kiss meThere's no love like our love
Our passion knows no end
Together we can soar to heights
That no one's ever known
Or has ever beenWhen you smile at me
You take me to a world I never thought I'd see
Your eyes can touch my soul
And fill me with a hunger only you can feed
When you smile at me
When you smile at me
