Fill Her

Eraserheads

You don't need to leave
it seems a bit naive
no need to disagree
or seek my history
you're staring at my soul
my sanity you stole
but then I knew all along
that anything could go wrong
though I can't see you I can't feel you
I'm so glad you opened the door
and when I get near all my fears disappear
and I won't be alone anymore
hmmmmmmmmm hmmmmmmmmm
hmmmmmmmmm hmmmmmmmmm
