

# My Body

Molly Nilsson

I love mybody  
Like nobody  
Could ever love  
AnybodyI love my body  
'cause it's mine  
But I didn't always  
Love it all the time  
It's as good as any body  
You would find  
It fights for me  
And it nurtures my mind  
I had a dream that changed my life  
Or maybe life changed what I dreamed of  
It's the only thing that keeps me alive  
Now that's what I call loveI love mybody  
Like nobody  
Could ever love  
AnybodyI love my body  
Like nobody  
Could ever love it  
'cause it's mine  
I love mybody  
Like nobody  
Could ever love  
Anybody
