ORESKABAND

ONE, TWO, EVERYBODY JUMP!!

I felt to happiness when I looked your smily face.
I nearly wept for joy that I heard your voice.
When I hear to your voice, my endure heart hard soon
somewhere for some reason or other.

I felt to happiness when I looked your smily face.
I nearly wept for joy that I heard your voice.
When I hear to your voice, my endure heart hard soon
somewhere for some reason or other.

The story makes me dance tonight.
You should be a happiness with me.
It is a wish. I'm selfless.
I couldn't say there.
Because in front of you, I can't give in.

The heart lost in somewhere come back to me.
I've got to be back. Now you are here.
Everything I've fallen in love with you.
Would be myself confidence ever since.
Thank you. Why didn't I remember? (why didn't I remember?)
I appreciate for telling me to give my best wishes.
Thank you again.
I feel myself to like a little bit better than before.

I want to take up with you.
I want to know your spirit.
It is no use being too ambitious.
I become frantic half crazed.

The story makes me dance tonight.
You should be a happiness with me.
It is a wish. I'm selfless.
I couldn't say there.
Because in front of you, I can't give in (No, can't give in...)

The heart lost in somewhere come back to me.
I've got to be back. Now you are here.

Everything I've fallen in love with you.
Would be myself confidence ever since.
Thank you. Why didn't I remember? (Why didn't I remember?)
I appreciate for telling me to give my best wishes.
Thank you again.
I feel myself to like a little bit better than before.

Lalalalalalalala~~

The heart lost in somewhere come back to me.
I've got to be back. Now you are here.
Everything I've fallen in love with you.
Would be myself confidence ever since.
Thank you. Why didn't I remember? (why didn't I remember?)
I appreciate for telling me to give my best wishes.
Thank you again.
I feel myself to like a little bit better than before.

The heart lost in somewhere~~
Come back to me.
I've got to be back. Now you are here.
Everything I've fallen in love with~~
Would be myself confidence ever since.
Thank you. Why didn't I remember? (why didn't I remember?)
I appreciate for telling me to give my best wishes.
Thank you again.
I feel myself to like a little bit better than before
