

So Free

TÃªtes Raides

The only joke it's to be free
We are the children of liberty
We are we are but tomorrow
Sure we are not ten years ago
We are we are very hungry
And you and you are you aussi
We are so free comme c'est Ã©crit
We are the children of liberty

Me I would like to be crazy
Are you ready to be silly?
When it is when and who is who?
When I feel bad what's about you?
I am I am very happy
Because the flowers are pretty
I am I am not Jesus Christ
I am the children of liberty

It's time to put the overdrive
I will be dead I will be alive
Think you think you think you very
When I am me that's we are we

We are we are little petit
But we are very very big aussi
Sorry we are the children of liberty

Sorry sorry we are so free
Because the flowers are pretty

Sorry we are very so free
We are the children of liberty
