

Please Read The Letter

Robert Plant

Caught out running
With just a little too much to hide
Maybe baby
Everything's gonna work out fine
Please read the letter
I pinned it to your door
It's crazy how it all turned out
We needed so much more Too late, too late
A fool could read the signs
Maybe baby
You'd better check between the lines
Please read the letter, I
Wrote it in my sleep
With help and consultation from
The angels of the deep Once I stood beside a well of many words
My house was full of rings and
Charms and pretty birds
Please understand me, my
Walls come falling down There's nothing here that's left for you
But check with lost and found Please read the letter that I wrote
Please read the letter that I wrote One more song just before we go
Remember baby
All the things
We used to know
Please read my letter
And promise you'll keep
The secrets and the memories and
Cherish in the deep Ah... Please read the letter that I wrote
Please read the letter that I wrote
Please read the letter that I wrote Please read the letter that I wrote
Please read the letter that I wrote
Please read the letter that I wrote
