Made For Me

Blazin' Squad

[REEPA]this is just one of those stories about
when u just see that girl that u want
so u just walk up 2 her and
u just gotta tell her
that shes made for u
so this is 4 all u fly chicks out there
yo kenzie, tell em
[KENZIE]kenz flossin
hugo brossin
ice history
my girls on the luis vuitton
and gucci baby come 2 me
coz your looking cold
and i thought that u needed 2 be told
the way u walk, talk
god that attracts
girl i'll tell u when 2 stop
i'll have the la the laughs
forget about the clock
i'll turn it back when u need 2 be dropped
[FLAVA]she wants ice on her wrist
she wants more than a chick
who just stands there and licks her lips and thats it
if theres a problem why she cant get those things
im ready 4 that sh*t,
no doubt about that
if she cant deal with me
its coz im dangerous
we were made 4 each other
it was strange at first
but im complete now your in my life
u know its right for us we're alike
the time is right
[CHORUS]girl u look so dangerous
the clothes that your wearing outragous
the way that you walk so marvelous
your made 4 me and thats a fact
mysterious and i love it
i know what i want and u got it

u dreamt that its near and you're in with it
you're made 4 me no doubt about that
[KRAZY]your long legs. blonde hair. your blue eyes
u make me feel so good its like im hypnotised
then i see u walking there
your just walking down the street all flicking your hair
u dont care all these mans stop and stare
but the only little problem is that i really wanna work out is
me and u stay together through and through
i care 4 this girl
girl i love u

[FLAVA]but it aint a luv thing with me
its a flow if u wanna come bust with me
its a trust thing
its a cat and mouse game with me
you aint fussy but this game is 2 hot 4 me
its getting rusty
so learn that u aint better than me
coz im gonna be the biggest thing in british white history (uk)
we just need 2 carry on
where we can keep ourselves out of situations
that r pissin me off puttin me off
[CHORUS]girl u look so dangerous
the clothes that your wearing outragous
the way that you walk so marvelous
you're made 4 me and thats a fact
mysterious and i love it
i know what i want and u got it
u dreamt that its near and you're in with it
you're made 4 me no doubt about that.
girl (yo girl)
i just wanna say that your the only one for me baby (a yo baby)
so girl (hear this)
come and let me brake it down
your the flyist chick in town
its plain 2 c (your the one)
you were made for me no doubt about that
(a yo yo krazy)
[KRAZY]i told u one to many times but i'll tell u again
we should be together now
and it should never end
coz this is serious
im ready to talk so take a seat,
sit down no need to walk

coz this is true im saying i aint playing
i just wanna hear u screaming
get the picture
do ya wanna, if ya wanna
what ya thinking
its all about our uk hip-hop thing
coz krazys here and he's doing his thing
come on
[CHORUS]girl u look so dangerous
the clothes that your wearing outragous
the way that you walk so marvelous
your made 4 me and thats a fact
mysterious and i love it
i know what i want and u got it
u dreamt that its near and your in with it
your made 4 me no doubt about that [x3]
your the one !
