

# Into The Sky

## Black Tide

Every night I pray for a dream  
You start in  
And every night I pray for a chance  
You'll be there when I wake. The truth of it is  
Nothing I do will bring you back  
So I'm waiting for my ride up into the sky. And I will meet you there  
I will meet you there  
And I will meet you there  
I will meet you there You left such a strong resonance  
Just to feel you all around  
I know you're watching over us  
Like the angel you've always been The truth of it is  
Nothing I feel will bring you back  
So I'm waiting for my ride up into the sky And I will meet you there  
I will meet you there  
And I will meet you there  
I will meet you there I love you so much more than just the heart beat in my chest  
I love you so much more than just this heart.  
I love you so much more than just the heart beat in my chest  
I love you so much more than just this heart. The truth of it is  
Nothing I feel will bring you back  
So I'm waiting for my ride up into the sky And I will meet you there  
I will meet you there  
And I will meet you there  
I will meet you there And I love you so much more than just, this heart  
And I love you so much more than just, this heart This heart This heart will meet you there.
