Say No

Omarion

C'mon, we can do whatever we want
I don't mind, do whatever you want
It's alright, do whatever you want
I'm not gonna say no, not tonightC'mon, we can do whatever we want
I don't mind, do whatever you want
It's alright, do whatever you want
I'm not gonna say no, not tonightNo please, say yes 'cause I need to feel you next to me
I need your love and I'm not gonna say, no not tonight
Tonight is not the night that I'm gonna run from you
My body needs your touch and you're not gonna hear no not tonightWhat I feel is takin' over, I lost myself, I'm through
Can't control what I'm feelin', been runnin', but I run back to you
Your eyes is like a mirror, I know you feel it too
Might be a sin tonight this yearnin' only ends when I'm with youC'mon, we can do whatever we want
I don't mind, do whatever you want
It's alright, do whatever you want
I'm not gonna say no, not tonightC'mon, we can do whatever we want
I don't mind, do whatever you want
It's alright, do whatever you want
I'm not gonna say no, not tonightWe keep playin' games, a kiss here it's all the same
It's time to go all the way, I wanna know what I've been waitin' for
You move just the ocean, your lips I can't ignore
Your hands might know the secrets, we ain't even deep and I want moreSee we can't pretend like we don't want to taste the sweetness
Chocolate caramel ice cream on a dream float with red wine
My mind is somewhere else, my soul wants to explore
You look at me, it's over
No need for words, you know I adore youC'mon, we can do whatever we want
I don't mind, do whatever you want
It's alright, do whatever you want
I'm not gonna say no, not tonightC'mon, we can do whatever we want
I don't mind, do whatever you want
It's alright, do whatever you want
I'm not gonna say no, not tonightI'm not gonna say no
I'm not gonna say no
I'm not gonna say no, not tonightI'm not gonna say
He can do whatever he want
He can do whatever he wantC'mon, we can do whatever we want
I don't mind, do whatever you want

It's alright, do whatever you want
I'm not gonna say no, not tonightC'mon, we can do whatever we want
I don't mind, do whatever you want
It's alright, do whatever you want
I'm not gonna say no, not tonight
I'm not gonna say no, not tonight
