Theme Park

Love is changed, and love remains
I gotta let her tell, something starts to change
I've seen her dancing, I've seen her cry
I got 2 hands, gonna give this one a try
We turn our hopes to this figure alone
We tie our dreams to these lies
And lies we're telling, through the lies we're telling
Here come the ...everything's alrightThe clock dance moves, when the heart is burned
All fingers crossed, all fingers love
... people change, ... love is changed, and love remains
We turn our hopes to this figure alone
We tie our dreams to these lie
And lies will turn to, lies will turn to lie
Here come the ...everything's alright
Maybe one day we'll return to find it all in place
...and we'll tell, ... as the sunset...
I'm still coming, I'm still coming
Through the lies we're telling, through the lies we're telling
Here come the ...everything's alright
We turn our hopes to this figure alone
We tie our dreams to these lies
And lies we're telling, through the lies we're telling
Here come the ...everything's alright
We turn our hopes to this figure alone
We tie our dreams to these lies
And lies we're telling, through the lies we're telling
Here come the ...everything's alright
I heard your dreams, they...
I saw your smile, you never knew
I love the people, they always...
I love the truth, been the same
...face... lonely job
Love exchanged, and love remains
I hope we all, we will never change.
