

# Sometimes In The Fall

## Phoenix

Go out and tell the society  
The talk of the town is on its way  
This is not bad, only serious  
Do understand, don't turn your back on me  
Doesn't matter heads or tails  
People know my sins, I'm overwhelmed  
It's the darkest night in a long, long time  
I've been up all night and walked up and down the stairs  
No complaints, no echoes  
I'm trying to be good, ain't trying to behave well  
Sometimes in the fall, fall, fall, fall  
There'll be nothing to keep you far from me  
Before I am long, long, long gone  
There'll be nothing to keep me away  
Every night at seven o'clock  
Every day at six in the morning too  
People calling me, up here  
Didn't even take some time to look at them  
I'm long, long, long gone  
If you're walking around, then I'll go out too  
You've been awake all night  
I've been lying on you thinking the same  
Lonely and forsaken, would you mind just to try a little less?  
Sometimes in the fall, fall, fall, fall  
There'll be nothing to keep you far from me  
Before I am long, long, long gone  
There'll be nothing to keep me away  
And it goes on and on and on and on, it's everlasting  
It's always the same when you're next to me  
Sometimes in the fall, fall, fall, fall  
There'll be nothing to keep me away  
A long, long, long gone  
Many eyes to see for me  
Only yours to cry on my ashes  
Long, long, long gone  
It's the darkest night and I'm far from you  
You've been awake all night, he's a Nobel Prize, I said  
But many eyes to see for me  
Only yours to cry my ashes

Long, long, long gone  
If the countdown on the Eiffel Tower  
Could show less than ten but more than a hundred  
Tired to look at your photographs  
That night through the phone, you've been asking for more  
Sometimes in the fall, fall, fall, fall  
There'll be nothing to keep you far from me  
Before I am long, long, long, gone  
There'll be nothing to keep me away  
And it goes on and on and on and on, it's everlasting  
It's always the same when you're next to me  
Sometimes in the fall, fall, fall, fall  
There'll be nothing to keep me away  
And it goes on and on and on and on, it's everlasting  
It's always the same when you're next to me  
Sometimes in the fall, fall, fall, fall  
There'll be nothing to keep me away
