Once Upon a Time

Feeling Left Out

Ain't it just like me
to forget to say,
"You look nothing short of amazing."
Saturday...Saturday
Guess who adores you?
Seems like we never have enough time.
(seems like we never have enough time.)
But remember we have all the time,
we have all the time in the world.
I finally seemed to catch my breath around you
whenever you leave
I can't seem to breathe til i see you again
I finally seemed to catch my breath around you
whenever you leave
I can't seem to breathe til i see you again
(goodnite)
think of nothing to do and we'll do it
take off your shoes and rest your head
take it into my pillow to capture your scent
so i can breathe once you've left
Ain't it just like me
to forget to say,
"You look nothing short of amazing."
Saturday...Saturday
Guess who adores you?
Seems like we never have enough time.
(seems like we never have enough time.)
But remember we have all the time,
we have all the time in the world.
I finally seemed to catch my breath around you
whenever you leave
I can't seem to breathe til i see you again
I finally seemed to catch my breath around you
whenever you leave
I can't seem to breathe til i see you again
(see you again)
see you again, see you again
