

# Scars

## Street Sweeper Social Club

Did I say something stupid?  
There goes one more mistake  
Do I bore you with my problems?  
Is that why you turn away?  
Do you know how hard I tried  
To become what you want me to be?  
Take me  
This is all that I've got  
This is all that I'm not  
All that I'll ever be  
I've got flaws, I've got faults  
Keep searching for your perfect heart  
It doesn't matter who you are  
We all have our scars  
We all have our scars  
You say don't act like a child  
But what if its a father I need?  
Its not like you don't know what you got yourself into  
Don't tell me I'm the one who's naive  
Do you know how hard I've tried  
To become who you want me to be?  
Take me  
This is all that I've got  
This is all that I'm not  
All that I'll ever be  
  
I've got flaws, I've got faults  
Keep searching for your perfect heart  
It doesn't matter who you are  
We all have our scars  
We all have our scars  
Come on, just let it go  
These are things you can't control  
Your expectations, your explanations  
Don't make sense to me  
You and your alternatives  
Don't send me to your therapists  
Deep down, I know what you mean  
And I'm not sure that's what I wanna be

No  
Take me  
This is all that I've got  
This is all that I'm not  
All that I'll ever be  
I've got flaws, I've got faults  
Keep searching for your perfect heart  
It doesn't matter who you are  
We all have our scars  
We all have our scars  
Oh no no no  
Did I say something stupid  
There goes one more mistake..
