Tripped & Fell In Love

Yacht

Bless this hour of meditation,
Just us and medication
Can't say it ex-ex-ex-ex-explicitly
All my friends became my family
There is an obvious change in meI tripped, and fell in love with you
Honest, you do what I aim to
We looked at each other
And our eyes were clear
Love your family, you do well, and so sincereI tripped, and fell in love with you
Dance in the light, honest you do
We looked at each other
And our eyes were clear
Love your family, you do well, and so sincere
I trippedEntangled in vertigo, here we go
And now you know...how I've felt all along
Decadence and charity coming on strong
I told myself I'd never write a love song
