

# Still Remains

## Stone Temple Pilots

On bed we live, on bed we sleep  
Making love and I become you  
Flesh is warm with naked feet  
Stabbing thorns and you become me Oh, I'd beg for you  
Oh, you know I'll beg for you Pick a song and sing a yellow nectarine  
Take a bath, I'll drink the water that you leave  
If you should die before me ask if you can bring a friend  
Pick a flower, hold your breath and drift away She holds my hand we share a laugh  
Slipping orange blossom breezes  
Love is still and sweat remains  
A cherished gift unselfish feeling Oh, I'd beg for you  
Oh, you know I'll beg for you Pick a song and sing a yellow nectarine  
Take a bath, I'll drink the water that you leave  
If you should die before me ask if you can bring a friend  
Pick a flower, hold your breath and drift away She tells me things, I listen well  
Drink the wine and save the water  
Skin is smooth, I steal a glance  
Dragon flies 'er' gliding over Oh, I'll beg for you  
Oh, you know I'll beg for you Pick a song and sing a yellow nectarine  
Take a bath, I'll drink the water that you leave  
If you should die before me, ask if you can bring a friend  
Pick a flower, hold your breath and drift away
