The Best Thing

Ivy

She's reformed
Just like the neighbor's girl
She's coming home
Into her wonder-worldShe's moving fast
She's a superstar
She's getting high
She covers up her scarsIt's the best thing, she's ever had
It's the best thing, she's ever hadShe's reformed
Just like the neighbor's girl
She's coming home
Wearing her fine-pressed curlsShe's driving fast
She took the family car
She's getting high
She's never slipped so farIt's the best thing, she's ever had
It's the best thing, she's ever hadShe's reformed
She took the family car
She's getting high
She's never slipped so farIt's the best thing, she's ever had
It's the best thing, she's ever hadIt's the best thing, she's ever had
It's the best thing, she's ever hadIt's the best thing, she's ever had
It's the best thing, she's ever had
