

# The Way Things Go

[Mikal Cronin](#)

Things will come and things will go  
that's alright it's just the way things go sometimes  
you wish  
and sometimes you won't get what you need  
sometimes you wish  
and sometimes you won't - get what you need Things move fast and things move slow  
people change it's just the way things go  
and I don't mind I'm here to find the things that I need  
I'm living all the time  
I'm living all the time  
I'm living all the time -ooh Things will come and things will go  
that's alright it's just the way things go  
sometimes you wish and sometime you won't get what you need I'm living all the time  
I'm living all the time  
I'm living all the time -ooh  
-whistling-I'm living all the time  
I'm living all the time  
I'm living all the time -ooh
