

Miracle

[OceanLab](#)

Dont they know that there's something going on
What they're harming with their indecision
And who will be left standing when im gone?
ther'll be nothing left but a vision

and it's too easy
to turn a blind eye to the light
and its too easy
to bow your head and pray
And there are sometimes
when you need to find your voice
And this is one voice that you must find today

Are you waitng for a miracle
As the ice caps melt away
no use hoping for amiracle
when rtheres aprice youll have to pay
