Caves

How Scandinavian

I'm caught somewhere in between
Alive and living a dream
No peace, just clicking machines
In the quiet of compazine
The walls caved in on me
And she sings my bird dressed in white
And she stings my arm in the night
I lay still, still I'm ready to fight
Have my lungs but you can't take my sight
The walls caved in tonight
And out here I watch the sun circle the earth
The marrows collide in rebirth
In God's glory praise
The spirit calls out from the caves
The walls fell and there I lay saved
The walls are caving in
As far as I can see
The walls are caving in
The doors got locked for sure
There's no one here but me
Beat my body like a rag doll
You stuck the needles in my hip
Said, "We're not gonna lie
Son, you just might die
Get you on that morphine drip, drip"
The walls are caving in
As far as I can see
The walls are caving in
The doors got locked for sure
There's no one here but me
I fought a war to walk a gang plank
Into a life I left behind
Windows leading to the past
Think it's time I broke some glass
Get this history off my mind, yeah
And what if we were married forever
Like the past never happened
And time did not exist for us at all
I think we'd still be traveling together

Through all kinds of weather
Everything's a piece of everyone
As far as I can see
Walls are caving in
Doors got locked for sure
But I see these doors have keys
Walls are caving in
As far as I can see
The walls are caving in
Doors got locked for sure
There's no one here but me, oh
There's no one here but me
No one here but me, yeah
There's no one here but me
No one here but me
