## Slip Away

## **Clarence Carter**

## [Verse:]

What would I give for just a few moments What would I give just to have you near Tell me you would try to slip away somehow Oh I need you darling I want to see you right now Can you slip away, slip away Slip away, oh I need you so.Love, oh love, how sweet it is When you steal love, Let me tell you how sweet it is...[Verse 2] Now I know it's wrong, The things I ask you to do But please believe me darling I don't mean to hurt you But can you slip away Without him knowin you're gone Baby, we could meet somewhere, Somewhere we both are not known Can you slip away, slip away, Slip away-ay-ay-ay...(stop) I need you soVamp out... Oh can you slip away baby I'd like to see you right now darling Can you slip away baby Cause I got to, got to see you I feel a deep burning inside Oh I wish you could slip away...
