Decoy (Live In The UK)

Paramore

Close your eyes and make believe this is where you want to be
Forgetting all the memories, try to forget love cause love's forgotten me
Well hey, hey baby, it's never too late pretty soon you won't remember a thing
And I'll be distant, the stars reminiscing
Your heart's been wasted on meYou've never been so used as I'm using you, abusing you
My little decoy
Don't look so blue, you should've seen right through
I'm using you, my little decoy
My little decoyLive your life inside a dream
Time is changing everything
Forgetting all the memories
And I'm forced into you just cause you're into me
Well hey, hey baby, it's never too late
When I'm gone you won't remember a thing
But I can't stay and you know I won't wait
I was gone from the very first dayYou've never been so used as I'm using you, abusing you
My little decoy
Don't look so blue, you should've seen right through
I'm using you, my little decoyOh, oh.
I'm not sorry at all
(not sorry at all, not sorry. no.)
I won't be sorry at all
(not sorry at all, not sorry. no.)
I'd do it over againDon't look so blue, my little decoy
You should've seen right through, my little decoy
You've never been so used, my little decoy
And so I'm using you, my little decoy
