

How I Want to Dream

Catman Cohen

I dream
I dream about you'll never forget
The heartbeats we shared
And still haven't met
An angel who cares Dream...dream I dream
I dream about you In poppy seed fields
And warm cypress nights
Your head on my chest
Everything felt alright Dream...dream I want to dream
You're my dream
Be my dream
Won't you be my dream? Never let you go
