

One Step Out of Time

Michael Ball

One step out of time
Ooh, yeah Another week, another day
When I call you're miles away
In the arms of another All my friends say, I'm crazy
Night after night I'm waiting
Say that I'm wrong
Then you tell me that I'm coming on too strong One step out of time
One reason to put this love on the line again
Can't believe that it's true
Now I'm one step out of time One step, one step out of time
One step, one step out of time When I sleep, I dream of you
You're in my mind in everything I do
Well, I still don't feel that it's over I know what's right
It could be with you holding me tight
Now that you've gone
Won't you tell me where I've been going wrong? One step out of time
One reason to put this love on the line again
Can't believe that it's true
Now I'm one step out of time Don't walk away
Just let your heart decide if love is gonna stay
I know it's right
Just think about it, girl, ooh, for a while Another week, another day
When I call you're miles away
And I still don't feel that it's over One step out of time
One reason to put this love on the line, ooh, again
Can't believe that it's true
Now I'm one step out of time One step, one step out of time
One step, one step out of time
One step, one step out of time
One step out of time
