Can't Go Back

Hedley

In a time when everything was free
And the whole damn world revolved around me
I can't go back and I won't go back to you
To believe somebody else could pay
For mistakes I so carelessly made
I can't go back and I won't go back to you
But I can't set free this part of me
When I'm crawling back to you
And I won't let you forget how far we've gone
Because that one great final mistake
Is the one thing I won't let you make
So take my advice and save your goodbyes
I won't let you fall apart on your own
You're never alone
We've burned the books and made it harder
For you to be the fire started
I can't go back and I won't go back to you
And as you leave I can't believe
It's me I see in you
And I won't let you forget how far we've gone
Because that one great final mistake
Is the one thing I won't let you make
So take my advice and save your goodbyes
You're gone so move on it's time we let things go
You're gone so move on it's time we let things go
You're gone so move on
And that one great final mistake
Is the one thing I won't let you make
So take my advice, and save your goodbyes
I won't let you fall apart on your own
You're never alone
(Without you I would doubt you)
You're never alone
(Without you I would doubt you)
You're never alone
(Without you I would doubt you)
You're never alone
(Without you I would doubt you)
You're never alone
