

# Drink Up

## Train

It was just an ordinary Wednesday night  
11:47 when the stars aligned  
Saw your face then I felt the butterflies  
Someone's gonna fall in love tonight  
If you let me take you to my special place  
I can make sure everybody knows your name  
Don't regret the things you do or things you say  
Even if you did it for the fame  
Can't this moment this moment slip away  
Cause things like this don't happen to us everyday  
So take this moment and put it in a glass  
If you want a sip I've got memories on tap Drink up, drink up  
Write your name on a cup  
Drink up, drink up  
Write your name on a cup  
Sitting on the roof of someone else's car  
Wrapped up in a blanket of the brightest stars  
Hoping neither one of us will go too far  
Feeling for each other in the dark  
Can't let this moment this moment slip away  
Cause things like this don't happen to us everyday  
So take this moment and put it in a glass  
If you want a sip I've got memories on tap Drink up, drink up  
Write your name on a cup  
Drink up, drink up  
Write your name on a cup  
This is the night when everything is right  
Yeah, when the stars align  
This is the night, been waiting all my life  
To put your name right next to mine  
And let this moment, this moment Cause things like this don't happen to us everyday  
So take this moment and put it in a glass  
If you want a sip I've got memories on tap  
Drink up, drink up  
Write your name on a cup  
Drink up, drink up  
Write your name on a cup
