

Asphyxiate

Depraved Plague

Twisting under your skin
Creeping into your head
Running through all your veins
Take

Feeding on your flesh
And spreading through your bones
Drilling through your organs
Killing you inside

Falling through the cracks
Bleeding through the wounds
Scared to walk the streets
Life ended by scum

Asphyxiate. All Your Brain.
Asphyxiate. All Your Life.

You will never see
What you have done to me
And your own family.

As. Phyx. I .ate.
In. To. My. Brain.
As. Phyx. I. ate.
Un. Til. Your. Death.
