Erased

Otargos

Here is no one left to trust
Raise a light, one that I can see
(Now reverse this enormous pain for this life to remain)
(I am walking through, watching what's left)
Hold me close, this is what I see
Emptiness in me
This is how I feel, this is what is real
I can't put back
(What is now fading black)
I can't replace
(What is being erased)
I crawl my way through every day
Raise your light, one that glows for me
Give me a sign, light my path, take me higher
I am walking through fire
Standing alone abandoned by fate
Walk me through, this is what I see
Emptiness in me
This is how I feel, this is what is real
I can't put back
(What is now fading black)
I can't replace
(What is being erased)
(Being erased)
Is this all that is left for me?
Hold me close, this is what I see
Emptiness in me
This is how I feel, this is what is real
I can't put back
(What is now fading black)
I can't replace
(What is being erased)
Hold me close, this is what I see
Emptiness in me
This is how I feel, this is what is real
I can't put back
(What is now fading black)
I can't replace
(What is being erased)
