

# Lazy Eye

**SJ Esau**

I've been waiting  
i've been waiting for this moment all my life  
but it's not quite right  
in this 'real'  
it's impossible if possible  
at who's blind word  
so clear but so unheard  
i've been waiting  
i've been waiting for the silence all night long  
it's just a matter of time  
to appear sad  
with the same 'ol decent lazy eye  
fixed to rest on you  
im afraid is so untrue

everyone's so intimately rearranged  
everyone so focused clearly with sunshine  
everyone's so intimately rearranged  
everyone so focused clearly with sunshine  
locked and loaded  
still the same 'ol decent lazy eye  
straight through your gaze  
that's why i said I relate  
i said we relate  
it's so fun to relate  
it's the room the sun and the sky  
it's the room the sun and the sky  
i've been waiting  
i've been waiting for this moment...
