Push The Button

Sugababes

Push the button
Push the button
Push the button
Push the buttonI'm busy throwing hints that he keeps missing
Don't have to think about it I wanna kiss and
Everything erotic but he's too distant
I wanna feel his body, I can't resist itI know my hidden looks can be deceiving
But how obvious should a girl be?
I was taken by the early conversation piece
And I really like the way that he respect meI've been waiting patiently for him to come and get it
I wonder if he knows that he can say it and I'm with it
I knew I had my mind made up from the very beginning
Catch this opportunity so you and me could feel it 'cosIf you're ready for me boy
You'd better push the button and let me know
Before I get the wrong idea and go
You're gonna miss the freak that I controlI'm busy showing him what he's been missing
I'm kind of showing off for his full attention
My sexy ass has got him in the new dimension
I'm ready to do something to relieve this missionAfter waiting patiently for him to come and get it
He came on through and asked me if I wanted to get with him
I knew I had my mind made up from the very beginning
Won't miss this opportunity so you and me could feel it 'cosIf you're ready for me boy
You'd better push the button and let me know
Before I get the wrong idea and go
You're gonna miss the freak that I controlIf you're ready for me boy
You'd better push the button and let me know
Before I get the wrong idea and go
You're gonna diss the freak that I controlI've been dropping so many hints
You're still not getting it
Now that you've heard everything I have to say
Where we gonna go from here?After waiting patiently for him to come and get it
He came on through and asked me if I wanted to get with him
I knew I had my mind made up from the very beginning
Won't miss this opportunity so you and me could feel it 'cosIf you're ready for me boy
You'd better push the button and let me know
Before I get the wrong idea and go
You're gonna miss the freak that I controlIf you're ready for me boy
You'd better push the button and let me know
Before I get the wrong idea and go

You're gonna miss the freak that I control
(Come on)If you're ready for me boy
(For me boy)
You'd better push the button and let me know
Before I get the wrong idea and go
You're gonna miss the freak that I control
